Barb Mattheis has been training and has successfully competed with her dogs for over 20 years. Her passion is cross training her dogs due to her love of many dog sports and that her dogs like the change of events, too! She has put titles on her Golden Retrievers, Portuguese Water dogs, Belgian Sheepdogs, German Shepherd, Springer Spaniel and a very special Flat Coated Retriever.

Barb has been teaching people how to train their own dogs since 1990 through her training business, Tailwagger Dog Training, LLC. Over the years, Barb has earned multiple titles in a wide variety of dog sports: Obedience (11 CD's, 9 CDX's, 5 UD's), Agility (5 Mx/Mxj's, 5 MACH's), Tracking (12 TD's, 7 TDX's, 3 VST's, 3 CT's), Field work w/Retrievers (10 WC's, 3 WCX's, 5 JH's, 1 SH), Water work w/Porties (1 WWD, 2 AWD) and Rally (2 RA's).

This clinic is for handlers that show in obedience, agility and rally. Barb will help you get an independent performance out of your dog. Learn to build on your relationship with your dog by thinking outside the box. Handlers will learn how to appreciate the effort so your dog wants more. You will learn when to raise the bar and not get stuck on a plateau.

*Morning Snack and Lunch included. Crating space available. **VERY IMPORTANT: Space is limited to 8 Novice (no novice titles yet) working teams and 8 advanced (at least a novice title in obedience, agility or adv Rally title) working teams. Limit of 25 audit spots.** Working teams should bring their dog, crate, soft treats, pen and paper. Auditors should bring pen and paper. Please arrive at 8am.*
